

CENTRE FOR STUDY  
OF INTERNATIONAL S&T  
AND EDUCATIONAL  
PROGRAMMES

# Call procedures within FTP R&D 2014-2020

**Irina R.Kuklina, Executive Director**  
**International Centre for Innovations in Science,  
Technology and Education (ICISTE)**

# Priority regions for S&T cooperation

## **CIS, Eurasian Economic Community (EAEC)**

- utilize complimentary research schools and infrastructure
- raising wider S&T community to address common issues

## **BRICS, Asia-Pacific Economic Cooperation (APEC)**

- building wider research networks
- ensure the integration of the Russian sector of applied research & innovation into global environment

## **Europe**

- attracting the most successful research teams
- addressing frontiers of science
- support for the development of advanced inter-disciplinary research in priority areas

# International partners of S&T projects (within FTP R&D 2011-2013)

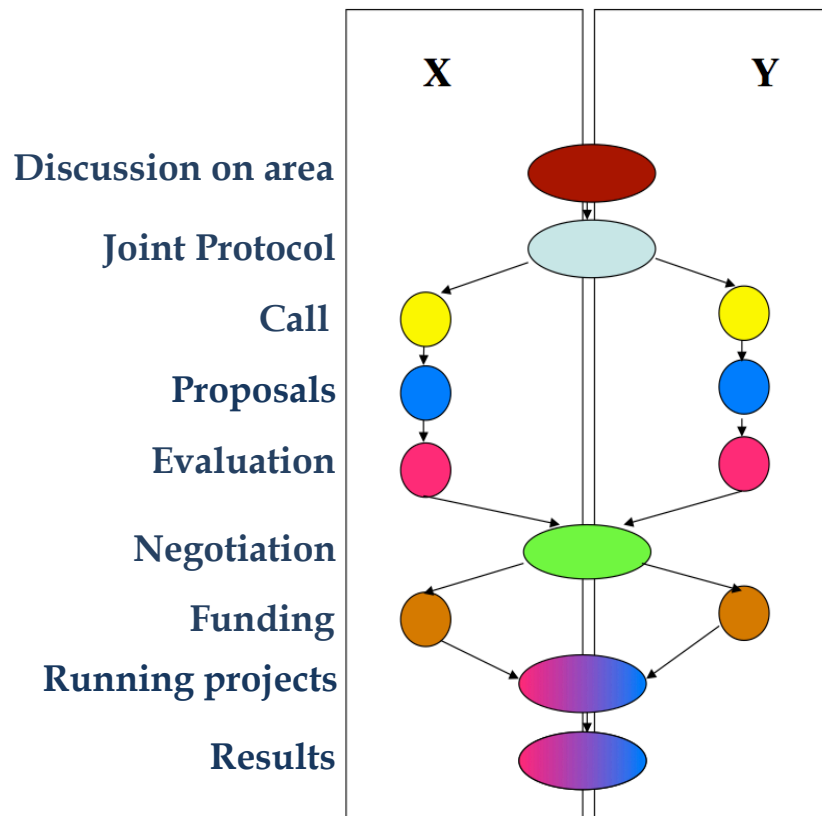

## Joint S&T projects

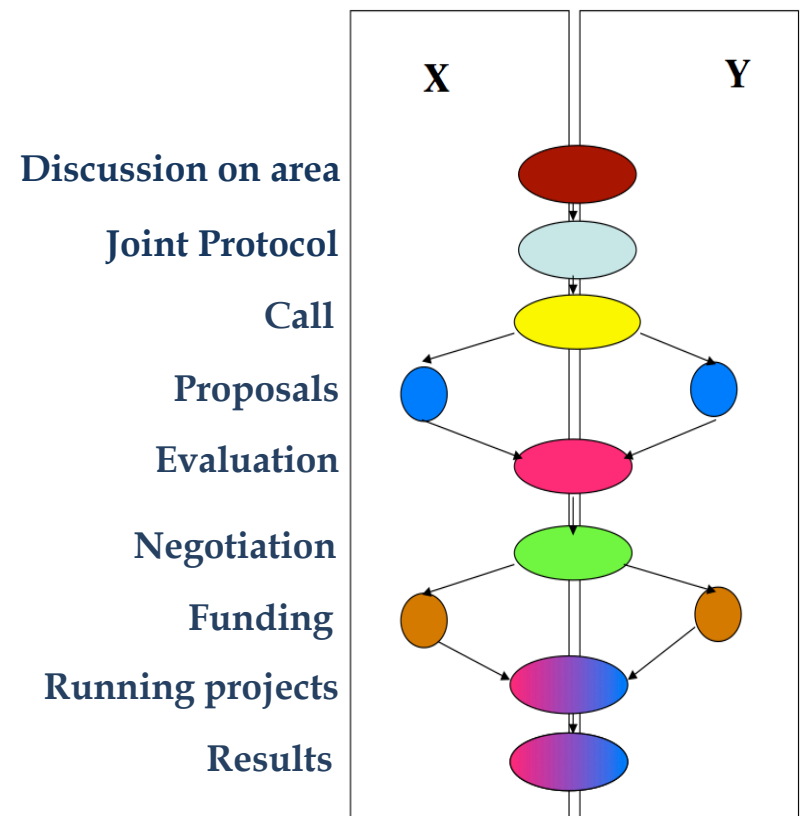

# Mechanisms for joint and coordinated Calls

## Mechanisms for coordinated Calls

## Mechanisms for joint Calls

## Organisation and implementation of joint projects

- ✓ Bilateral **vs** multilateral calls
- ✓ Focus on the selected priority areas **vs** open calls for interdisciplinary projects
- ✓ Minimization of call procedures (simplification of evaluation procedures, establishment of joint secretariats) **vs** following national rules and requirements
- ✓ National expertise **vs** international expertise

# Funding Landscape for science and technology support (with international elements)

## Basic research

- Long-term program for basic scientific research in the Russian Federation (2013 – 2020) – coordinated by the Russian Ministry of Education and Science
- Programs of the state academies of science for supporting basic research for 2013-2020 (FASO, RAS, Russian Ministry of Education and Science, Russian Ministry of Construction Industry, Housing and Utilities)
- Scientific funds (RSF, RFBR, RFH)

## Applied research

- Russian Federal Targeted Program "R&D in Priority Areas of Development of the Russian S&T Complex 2014-2020"
- Sectoral Federal Programs (such as the Federal Target Program "Development of the pharmaceutical and medical industry of the Russian Federation for the period up to 2020 and beyond")

## Supporting actions

- Programmes for leading universities "5 to top 100"
- Mega-grants aimed to attract leading scientists to Russian universities and scientific institutions ((Decree №220)
- Network of centres of collective usage of scientific equipment
- Mega-science research infrastructure
